in time, they sometimes ignore the traffic light and thus choose to jaywalk, breaking the traffic rules. -[1]-

II. A Good Way to Kick the Bad Habit

To improve road safety, a high-tech yet expensive traffic light was put up at an intersection in Lisbon, Portugal. -[2]- Instead of a motionless man, a dancing red figure was used to catch people's attention. In fact, the red figure was a person in a nearby booth, whose image appeared as a figure on the light signal. Anyone could enter the booth and choose what music to dance to. This was very enjoyable for both the dancer and the pedestrians. -[3]-

III. Related Issues

An interesting fact is that although such booths are so effective in bringing up people's attention, strangely, they appear only in very few places throughout Portugal. -[4]-

1. According to the article, the purpose of creating high-tech dancing booth is to _____.
(A) let the government become wealthy
(B) help the needy and make them happy
(C) make people exercise and stay fit
(D) help people keep good behavior
2. Based on what Michael has found, which of the following conclusions can we possibly get from the III part of his project?
(A) The price of such traffic light keeps the government from setting up many in the country.
(B) Most pedestrians are so shy to dance in public that they refuse to enter the booth.
(C) The high-tech traffic light cannot encourage people to follow traffic rules.
(D) Although the idea of dancing booth sounds interesting, it can be boring sometimes.
3. Look at the four marks [1], [2], [3] and [4] where the following sentence can be placed. Where does the sentence most fit?
"The experiment caused 81 percent more people to stop at the red light and do some funny dance moves!"

- (D) He needs to be more serious.

Part 4: Short Talk Questions (3%)

Listen to the following paragraph and answer the questions.

It's important to keep our hair healthy and looking good, but which pieces of advice about hair care should we trust? Some people say that hair dye causes cancer. Although it's true that hair dye made before 1980 **contained chemicals** that cause cancer in animals, today's dyes are much safer. However, modern hair dyes still contain thousands of chemicals, so it is better not to dye your hair too often. Many people believe that eating black sesame seeds can turn gray hair black, but no **scientific** studies have shown this belief to be the case. As for the best way to avoid gray hairs, stay away from stress, smoking, and a poor **diet**. (10 Unit 2-A)

(C) 8. What is this passage about?

- (A) A new hair care product.
- (B) Foods that are good for your hair.
- (C) Some facts about hair care.

(D) Chemicals that are healthy to your hair.

(C) 9. What is said about hair dyes made before the 1980s?

(A) They caused cancer in humans.

(B) They were safer and more natural.

(C) They contained dangerous chemicals.

(D) They didn't have many color choices.

(B) 10. Based on the passage, what should we remember when using hair dyes?

(A) Black is the safest color.

(B) Don't use them too often.

(C) Choose the kinds that contain no chemicals.

(D) Mix them with sesame seeds to get a better result.
